

RecWell Allocation/Points System

A point system has been developed to incentivize program priorities, increase accountability and allocate department funding resources equitably. At the end of each academic year, points are finalized based on reports submitted by each club. Reports may be audited for accuracy at any time. Point totals will be made available at the end of the spring semester. Clubs will be provided with a timeframe to make appeals. Budgets allocations for the following academic year will be released in July/August. Once per quarter, clubs will receive an estimate of their budget allocation based on the most recent data collected from all of the clubs.

75% of RecWell funding will be allocated using the point system. The amount of available funding is divided by the total points awarded to create a dollar value for each point. The number of points earned by the club would then be multiplied by the dollar value for each point to create the allocation amount. The remaining 25% will be allocated at the discretion of the Sport Club professional staff. Specific program factors and individual club circumstances are taken into account during the supplemental funding allocation that will vary yearly. Factors include high space rental costs, SGA allocations, comparisons to previous fiscal years, and the club's overall annual activity and expenditures.

Points Accrual: points are awarded for the following:

- **Active Members:** The average number of members attending club practices.
- **Educational Event Days:** Clubs that host a greater amount of educational event days such as demonstrations, workshops, clinics, and seminars will receive more points. Educational events must be for non-club members.
- **Competition Event Days:** Clubs that participate in a greater amount of home or away competition event days will receive more points.
- **Community Service Events:** Clubs that participate in a greater number of community service events will receive more points. Examples include volunteer service, blood drives or fundraising for local charities. The club must self-report the community service information on the weekly activity report, within one week of completion.
- **Fundraising:** Clubs that fundraise more will receive more points. The number of points received is based on how much money is raised per active club member. See chart: For example, if a club raises \$200 per active member, they will receive 12 points. Fundraisers include, but are not limited to: member fees for competitions and/or travel, donations, portion of the proceeds nights, profit from home events, concessions, working events for ICA or other UMD departments, profit from apparel sales. The club is responsible for tracking fundraisers throughout the year and self-reporting profits on the semester and annual reports.
- **Social Activities:** Social activities reported for points must not involve alcohol/drugs. Events could include movie nights, camping trips, club dinners, etc. Activities must not be affiliated with club travel. The club must self-report the social activity on the weekly activity report, within one week of completion.
- **Fan Support:** Points will be awarded to teams who attend other clubs' events. Each event must be in support of a different club and clubs are not allowed to claim points when competing at the same event as another club. The club must self-report the fan support on the weekly activity report, within one week of completion. In addition, as evidence of attendance, clubs must take a group photo and post it to their clubs' Facebook, Twitter or Instagram using #UMDsportclubsCommunity.
- **Developmental Opportunities:** Points will be awarded to clubs who send two or more officers to a non-required training, workshop, speaker, lecture or conference which focuses on leadership, management, hazing prevention, bystander intervention or inclusivity. Clubs must report the name of the event, who attended and a list of action items (how they will use what they learned to better their club) on the weekly activity report.
- **Bonus Points:** A single point value, which may only be earned once per academic year.
 - **Multiple Competing Teams:** Clubs have more than one competitive traveling team. Teams must travel to separate destinations/events.
 - **Participation at Nationals:** Clubs send a team to nationals during the current academic year.
 - **Host an Alumni Event:** Clubs host an alumni event during the academic year. Alumni meetings do not count.
 - **Up-to-Date Website:** Clubs maintain a website presenting current information.
 - **Up-to-date Twitter/Instagram:** Clubs maintain a Twitter and/or Instagram account with two post per week, on average.
 - **STAMP Fest / First Look Fair:** Staff a booth or table at the STAMP Fest or First Look Fair.
 - **Submit Ten Quality Photos:** Clubs submit 10 quality photos will earn a bonus point. Photos will be used to market and promote the Sport Club Program.
 - **Award Nomination:** Club is nominated for a league or governing body award (self-nominations are applicable). Clubs that submit a RecWell or Sport Clubs award nomination will also receive a bonus point.
 - **Update Club Constitution:** Clubs that review/update their club constitution and submit it to the Sport Clubs professional staff will receive bonus points.

- **Maryland Day:** Clubs have informational tables and/or demonstrations on Maryland Day to market and promote the club's sport and activity. Information on how to get involved will be distributed by Sport Club professional staff when available.
- **Step Up Training:** Organize a Step Up Bystander Intervention Training for your club. 50% of active members must be in attendance. Contact the Sport Club Office once this has been completed.

No double dipping. For example, clubs are not allowed to earn points in multiple categories for the same event. To earn points in the community service events, social activities and fan support categories, events must be team events. Points will not be awarded to clubs who have low representation. This will be enforced at the discretion of the Sport Clubs professional staff.

Facility Allocations

The points system also affects space allocation priority. Clubs that earn more points have higher priority during facility scheduling.

Points	# of Active Members	Points	Competition Event Days
1	15-29 Members	2	1-4 Days
2	30-44 Members	4	5-9 Days
3	45-59 Members	6	10-14 Days
4	60-74 Members	8	15-19 Days
5	75+ Members	10	20+ Days

Points	Community Service	Points	Educational Event Days
2	1-3 Community Service Events	2	1-3 Days
4	4-5 Community Service Events	4	4-5 Days
6	6+ Community Service Events	6	6+ Days

Points	Fan Support	Points	Fundraising
2	Attending 2-3 Events	2	\$40-69/Active Member
4	Attending 4-5 Events	4	\$70-99/Active Member
6	Attending 6+ Events	6	\$100-129/Active Member
		8	\$130-149/Active Member

Points	Social Activities	Points	Fundraising
2	2-3 Socials	10	\$150-169/Active Member
4	4+ Socials	12	\$170+/Active Member

Points	Development Opportunities	Points	Bonus Points
2	1-2 Events	5	Multiple Competing Teams
4	3-4 Events	3	Maryland Day Activity
6	4-6 Events	3	Participation at Nationals
		2	Hosted Alumni Event
		2	Step Up Bystander Intervention
		2	Up-to-Date Website
		2 EA	Up-to-Date Twitter/Instagram
		1	Update Club Constitution
		1 EA	STAMP Fest / First Look Fair
		1	Submit 10 Quality Photos
		1	Award Nomination
		1	Participation at Regionals
		1	Table at First Look Fair
